

Taking back the Ranch

"A LADIES RETREAT"

Throughout the year men descend upon Kessler Canyon to show their masculinity while hunting wild game and birds. Grunting and groaning and drinking whiskey, sharing stories of giant elk and even bigger fish.

Well.....time has come for the ladies to "Take back the Ranch".

The month of March is Ladies Month with an extra special package deal to ensure that the woman in you keeps in touch with her girlfriends.

Without the men around!!!
